DAILY WATER SUPPLY SYSTEM STATUS UPDATES

11 November 2026 (Morning)

Joburg
a world class African city

Johannesburg Water

Unplanned Maintenance

Region F

Affected areas: Allan Manor, Mondeor, Winchester Hills, Meredale, Upper Kibler Park, Eagle Nest, and Naturena

Streets affected: All

Start date and time: 11 November 2026 at 08:00

End date and time: 11 November 2026 at 20:00

Reason for interruption: Major burst pipe on bulk water line out of the Eagle Nest Reservoir (450mm steel pipe)

Impact on customers: No water

Alternative water supply: Roaming water tankers will be deployed as and when the need arises

Benefit to customers: Improved service delivery and continuity of water supply

DAILY WATER SUPPLY SYSTEM STATUS UPDATES

11 November 2026 (Morning)

Planned Maintenance

Region F

CANCELLED.

Affected areas: Village Deep

Streets affected: Eloff Street, Bitcon Road, Inglestone Road, Baldwin Road, Wright-Boag Road, and Colyn Road.

Start date and time: 10 November 2026 at 07:00

End date and time: 10 November 2026 at 17:00

Reason for interruption: Newly installed 110mm water pipeline to be tied into existing 100mm water reticulation network, ensuring successful integration and commissioning of the upgraded infrastructure.

Impact on customers: No water

Benefit to customers: Improved service delivery, continuity of water supply, and safety to customers.

DAILY WATER SUPPLY SYSTEM STATUS UPDATES

11 November 2026 (Morning)

a world class African city

Johannesburg Water

Planned Maintenance

Region C

Affected areas: Cosmo City Ext 5 and Ext 6 (Randburg)

Streets affected: All

Start date and time: 17 November 2026 at 07:00

End date and time: 17 November 2026 at 19:00

Reason for interruption: Facilitating 24 tie-ins connecting newly installed 110mm pipelines to existing network to ensure the successful integration and commissioning of upgraded infrastructure.

Impact on customers: No water

Alternative water supply: To be advised

Benefit to customers:

- Improved water supply reliability and network performance.
- Reduction in water losses and pipe burst incidents.
- Improved water pressure to consumers within the area.
- Replacement of ageing and deteriorated infrastructure.
- Reduced maintenance requirements and operational interruptions.
- Improved long-term service delivery and sustainability of the water reticulation network.

DAILY WATER SUPPLY SYSTEM STATUS UPDATES

11 November 2026 (Morning)

Planned Maintenance

Region F

Affected areas: Yeoville, Randview, Parktown, Linksfied, Obsevatory, Jeppestown, Renolds View, Bruma, De Wetshof, Cyrildene, Forest Town, Fellside, Highlands, Fairwood, Kensington, Mountain View, Bezuidenhout Valley, New Doornfontein, Bertrams, Fairview, Lorentzville, Judith's Paarl, Troyeville, Vrededorp, Cottesloe, Braamfontein Werf, Braampark, Doornfontein, Berea, Linksfield Ridge, Belle-Vue, Killarney, Orange Grove, Malvern, Westcliff, Houghton, Parktown, and Wolhuter

Streets affected: All

Start date and time: 19 November 2026 at 07:00

End date and time: 19 November 2026 at 19:00

Reason for interruption: Installation of blank flange on the inlet to the Yeoville Reservoir 3 to allow the installation of the reservoir liner to proceed without delay. This exercise will also assist in monitoring and assessing whether the groundwater ingress issue is subsiding

Impact on customers: Low pressure to no water possible after reservoir 2 empties

Benefit to customers: Improved operations and maintenance, continuity of water supply, and reduction of water leakage
